4.0 Value added Services and Benefits

i. Prescribed Chronic Medication Delivery Programme

This program targets our clients with chronic conditions, as they would refill their medication regularly, which if sourced directly at accredited service providers it would cost more compared to buying it directly on cash basis at a pharmacy.

Through this program Assemble Insurance Tanzania has secured an agreement with pharmacies across Tanzania to get the drugs at affordable rates to assist in managing our client's benefits and ensure a stress free and reliable refill process of chronic medication for our clients This Programme does not prohibit our members to visit/Contact their doctors for consultations or medical guidance.

ii. Loyalty Programme

This program has been established for rewarding our loyal customers. Since we provide health insurance, we have started by giving our customers discounts when they visit certain facilities. This is an ongoing program whereas assemble continuous to engage more facilities across the country. These facilities include gyms, Furniture Centres, Hotels, and car maintenance facilities.

iii. Vaccination

We also provide cover for the cost of test and Vaccination for Hepatitis B. This service is for all adult members, and it can be accessed at any of the Assemble's accredited medical service provider.
