1 Document Information

Field	Value
Project Name	Sky Pesa
Version	1.0.1
Date	2025-08-20
Project Manager	TBD
Tech Lead	TBD
Qa Lead	Tester
Platforms	['iOS']
Document Status	Draft

2 Project Overview

2.1 What Are We Building

2.1.1 System Function

A mobile financial application for iOS that allows users to manage their accounts, transfer money, and handle loans (requests, repayments, payments).

2.1.2 Users

- Customer / User
- Employer / Employee (inferred from features)

2.1.3 Problem Solved

The application provides a high level of functionality (96% pass rate) but is hindered by a few key defects. These include a critical failure in viewing transaction history, a major UI bug in the 'Pay Loan' feature that makes it unusable in light mode, and missing legal policies (Privacy/Terms of Use), which impacts user trust and usability.

2.1.4 Key Success Metric

Achieve a 100% test pass rate by resolving all identified failed test cases and bugs.

2.2 Scope

2.2.1 In Scope

- User Authentication (Registration, Login, Logout)
- Account Management (View Balance, Update Profile)
- Money Transfer
- Transaction History Viewing
- Loan Management (Request, Repayments, Payments)
- Employer and Employee specific features
- UI Features (Language Change, Dark Mode)

- Notifications

2.2.2 Out Of Scope

- Implementing functional Privacy Policy & Terms of Use (currently missing).

3 User Requirements

3.1 Authentication User Management

Feature Code	I Want To	So That I Can	Priority	Notes
FT-AUTH-ALL	Register, log in, and log out of the app	Securely manage my account access.	Must	All authentication test cases passed.

3.2 Core Business Features

Feature Code	I Want To	So That I Can	Priority	Notes
FT-HISTORY-VIEW	View my full transaction history	Track all my past sent and received transactions with details.	Must	CRITICAL FAILURE: The actual result of the test case (HIST-TC-001) was 'Fail', indicating this core feature is not working.
FT-LOAN-PAY	View and interact with the 'Pay Loan' screen correctly in both light and dark modes	Make a loan payment without the screen disappearing.	Must	Major Failure: The 'Pay Loan' screen disappears after clicking its button, making it unusable (Bug ID 004). The report also notes it cannot be displayed well in light mode.
			Must	

Feature Code	I Want To	So That I Can	Priority	Notes
FT-MONEY-TRANSFER	Send money to other users securely	Perform financial transactions.		All money transfer test cases passed.

3.3 Additional Features

Feature Code	I Want To	So That I Can	Priority	Notes
FT-LEGAL-VIEW	Access the Privacy Policy and Terms of Use	Understand the application's policies and my rights.	Should	Major Failure: These features are not present in the app and are not functioning (Bug ID 002).
FT-UI-LANGUAGE	Switch the app to Swahili	Use the app with all text correctly interpreted in my preferred language.	Should	Minor Failure: Not all words are interpreted correctly in the Swahili language feature (Bug ID 001).
FT-APP-NOTIFY	Interact with the notification bar	Respond to alerts and updates.	Should	Minor Failure: The notification bar is not responding (Bug ID 003).
FT-UI-DARKMODE	Use dark mode across the entire application	Have a consistent and comfortable viewing experience.	Should	Minor Failure: Some parts of the employee, loan, and repayment features do not respond to dark mode (Bug ID 005). The profile interface also has light mode elements when

Feature Code	I Want To	So That I Can	Priority	Notes
				in dark mode (Bug ID 006).

4 Detailed Feature Requirements

4.1 Ft History View

4.1.1 Priority

Must Have

4.1.2 User Story

As a user, I want to navigate to the 'Transaction History' or 'Statements' section to see a complete list of all my past transactions, including details like date, amount, and recipient/sender.

4.1.3 Preconditions

The user is logged in and has completed at least one transaction.

4.1.4 Postconditions

A list of all past transactions (sent and received) is displayed with all relevant details for each transaction.

4.1.5 Test Cases

Id	Description	Weight
HIST-TC-001	Verify that a user can view their past transaction history.	High

4.2 Ft Loan Pay

4.2.1 Priority

Must Have

4.2.2 User Story

As a user, I want to tap the button on the 'Pay Loan' screen and have it function correctly without disappearing, regardless of whether the app is in light or dark mode.

4.2.3 Preconditions

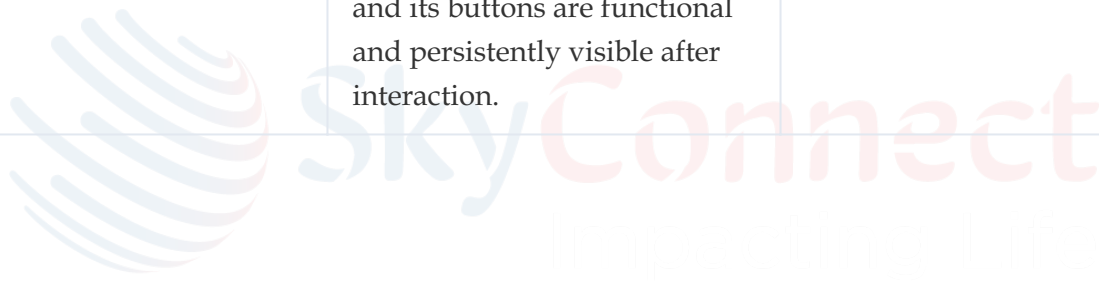

User is on the 'Pay Loan' screen.

4.2.4 Postconditions

The payment action is initiated, and the UI remains stable and visible.

4.2.5 Test Cases

Id	Description	Weight
Bug-004	Verify the 'Pay Loan' screen and its buttons are functional and persistently visible after interaction.	High

5 Technical Requirements

5.1 Performance Standards

Requirement	Target	How To Test
UI Theme Consistency	All UI elements must fully support both light and dark modes without visual defects.	Manually test all screens, including profile and loan features, in both themes. Addresses Bugs 005 and 006.

5.2 Platform Requirements

Platform	Minimum Version	Target Version	Notes
iOS	iOS 14	iOS 17	Testing was performed on iPhone 13 plain and iPhone 11 Pro max.

5.3 Security Privacy

Requirement	Must Have	Implementation
User data encryption	True	AES-256 at rest; TLS 1.2+ in transit
Legal Policy Implementation	True	A functional and accessible Privacy Policy and Terms of Use must be integrated into the application (addresses Bug ID 002).
Enhanced Security	False	Consider implementing password requirements for sensitive actions for enhanced

Requirement	Must Have	Implementation
		security (as per 'Recommendation').

6 External Dependencies

6.1 Third Party Services

Service	What It Does	Criticality	Backup Plan
Push Notification Service (APNS)	Delivers notifications to the user's device.	Medium	Ensure robust implementation and error handling. Fix the non-responding notification bar (Bug ID 003).

7 Release Planning

7.1 Development Phases

Phase	Features Included	Timeline	Success Criteria
Phase 1 (Critical Fixes)	['FT-HISTORY-VIEW (fix)', 'FT-LOAN-PAY (fix)', 'FT-LEGAL-VIEW (implement)']	2 weeks	All 'Must' priority features are fully functional. The failed test case (HIST-TC-001) passes. Overall test pass rate is 100%.
Phase 2 (UI/UX Polish)	['FT-UI-LANGUAGE (fix)', 'FT-APP-NOTIFY (fix)', 'FT-UI-DARKMODE (fix)']	2 weeks	All identified bugs are resolved. UI is consistent across all features and themes.

7.2 Release Checklist

- All Must-Haves complete
- No critical bugs remaining
- Transaction History (HIST-TC-001) passes
- Pay Loan screen (Bug-004) is fully functional
- Privacy Policy and Terms of Use are implemented and accessible

8 Risks Assumptions

8.1 Risks

Risk	Probability	Impact	Mitigation
Inability to view transaction history could lead to user disputes and loss of trust in the application's financial integrity.	High	High	Prioritize the fix for FT-HISTORY-VIEW above all else.
A non-functional 'Pay Loan' feature directly impacts a core business function and potential revenue.	High	High	Allocate immediate development resources to fix the UI bug and ensure the feature works in all modes.

8.2 Assumptions

- The backend services for transaction history and loan payments are functional, and the identified issues are client-side (UI/UX) bugs.
- Users expect a fully functional and visually consistent application, even for minor features like dark mode and language settings.

9 Market Specific Considerations

9.1 Primary Market

- Financial Services Users

9.2 Target Demographics

- iPhone users needing money transfer and micro-loan services

9.3 Local Considerations

- Full and accurate Swahili language support is required to meet user expectations.

9.4 Competition

- Other mobile money and micro-lending applications

0.1	2025-08-20	Initial draft based on 'Sky Pesa' testing report.	Gemini System Designer

11 Additional Context

11.1 Success Metrics

11.1.1 Customer Acquisition

Maintain a high user satisfaction rating reflected in app store reviews.

11.1.2 Partner Signups

N/A

11.1.3 Daily Orders

N/A

11.1.4 Customer Satisfaction

Resolve all identified bugs to achieve a 100% test pass rate.

11.1.5 Order Success Rate

N/A

11.1.6 Average Delivery Time

N/A
